## **Piscataqua Landscaping Tom Murray Honored with Safety Award**

Piscataqua Landscaping recently awarded Tom Murray of the landscape maintenance division its inaugural safety award.

The company implemented the safety award program to promote a safe working environment and reduce the total cost of risk within the company. The result was a significant reduction of hazards, accidents, and injuries company wide! To be eligible for the end of the year award, employees must have been accident and injury free for the entire year.

Employees were recognized on a monthly basis and those who were accident free all year were eligible for the grand prize raffle: an all expense paid trip to a Sandals Resort with a guest, a value of up to \$4,000.00. Murray, the first Piscataqua Landscaping Safety Award Recipient, was honored at the awards

party, a tropical island themed company event. Tom has been with the company for three years. He is a Kittery, Maine resident and volunteer firefighter in Kittery. Murray will be taking his wife Sherry to Negril, Jamaica.
